For Models That Use Lithium Batteries

- Lithium batteries can explode or cause burns if disassembled, shorted, recharged, exposed to water, fire, or high temperatures & not handled appropriately.
- Do not place batteries in a pocket, purse, or other container containing metal objects, do not mix used or other battery types, or store with hazardous materials.

A Consumer Guide to Product Safety

IMPORTANT SAFETY INSTRUCTIONS

When used in the selected mode(s), this device has been designed and manufactured to ensure your personal safety. However, improper use can result in electric shock or fire hazards. Please read all safety and operating instructions before using your iBT72 Bluetooth Mini Speaker.

1. Water and Moisture - The unit should not be used near water. For example, near a swimming pool, spa, kitchen sink, bathtub, or in a wet basement.
2. Ventilation - The unit should be situated so that it does not interfere with proper ventilation. For example, do not block the ventilation openings with a newspaper, table, curtain, and the like. The ventilation openings are made to ventilate the unit and should not be blocked or covered.
3. Power Sources - The unit should be connected to a power supply only of the type described in the operating instructions or as marked on the unit.
4. Power-Cable Protection - Power supply cables should be routed so that they are not likely to be walked on or pinched by items placed on them, especially near plugs, convenience receptacles, and the point(s) where they exit from the unit.
5. Lightning and Power Surge Protection - Unplug the unit from the wall outlet before a lightning storm or when it is left unused for long periods of time. This will prevent damage to the unit due to lightning and power surges.
6. Overloading - Do not overload wall outlets, extension cords, or integral convenience receptacles. This can result in a risk of electric shock or fire.
7. Servicing - Do not attempt to service the unit yourself. Opening or removing covers can expose you to dangerous voltages or other hazards. Servicing should be performed by qualified service personnel only.
8. Accessories - Do not attach any external accessories not recommended by the product manufacturer.

Cleaning and Maintenance

- Clean your unit with a soft cloth moistened only with mild soap and water. Stronger solutions can damage the cabinet, which may impede the flow of air through the ventilation openings.
- Never clean the unit with chemically treated cloths or sprays. Use only a dry, soft cloth.
- Keep the ventilation openings free of dust, lint, hair, and any other materials that may block air flow. Do not use the unit in a dusty environment.
- Do not place the unit on a soft surface such as a cushion or sofa. Place it on a hard, flat surface.

Limited 1 Year Warranty Information

iHome, a division of SDI Technologies Inc. (hereafter referred to as SDI), warrants this product to be free of defects in both material and workmanship under normal use for a period of one (1) year from the date of original purchase. If this product fails to function properly during the warranty period, SDI, at its option, will repair or replace the product, or refund the purchase price at the address of the Factory Service Center.

If service is still required:
- Call SDI Customer Service at 1-800-288-2792 for Return Authorization and for the address of the Factory Service Center.
- If service is still required:
  - If it does not work, take the unit to the nearest authorized service facility.
  - If it is not working properly, take the unit to an authorized service facility.

This warranty is valid only in the United States of America. It does not extend to owners of the product who acquire the unit for resale, gift, or any other purpose not listed above. This warranty does not extend to unauthorized alterations or repairs to the product. SDI Customer Service. The product must include proof of purchase, including date of purchase.

Disclaimer of Warranty

SDI makes no warranty, express or implied, including but not limited to implied warranties of merchantability or fitness for a particular purpose. SDI will not be liable for direct, indirect, special, incidental, or consequential damages, including but not limited to those arising from loss of use, loss of data, or other commercial damage even if informed of the possibility of such damage.
A Consumer Guide to Product Safety

IMPORTANT SAFETY INSTRUCTIONS

When used in the directed manner, this unit has been designed and manufactured to ensure your personal safety. However, improper use can result in potential hazards. Follow the instructions below to ensure safe operation of your product.

1. Water and Moisture
   - The unit should not be exposed to water or rain. If the unit gets wet, unplug it and allow it to dry completely before using.

2. Heat
   - The unit should be situated so that its location or position does not interfere with proper ventilation. For example, the unit should not be placed on a bed, sofa, or similar surface that may block the ventilation openings.

3. Attachments
   - Do not place the unit on an unstable stand, or on a non-flat surface.

4. Power Sources
   - The unit should be connected to a power supply only of the type described in the operating instructions or as marked on the unit.

5. Power-Cable Protection
   - Power supply cables should be routed so they are not likely to be walked on or pinched by items placed upon or against them. This includes cables plugged into wall outlets or extension cords.

6. Lightning and Power Surge Protection
   - Unplug the unit from the wall outlet before any inclement weather.

7. Overloading
   - Do not overload wall outlets, extension cords, or integral convenience receptacles. Overloading can result in a risk of fire or electric shock.

8. Servicing
   - Do not attempt to service the unit yourself. Contact qualified service personnel when service is required. Improper service or repair can result in a risk of fire or electric shock.

9. Rechargeable Batteries
   - Use only batteries recommended by the manufacturer. Using the wrong type of battery can result in a risk of fire or explosion.

10. Damage Requiring Service
    - The unit should be serviced by qualified service personnel when:
        A. The operating instructions are not followed.
        B. The unit exhibits a marked change in performance or does not operate.
        C. The unit has been exposed to rain.
        D. The unit has been dropped or the enclosure damaged.
        E. The unit contains a marked change in performance or does not operate.

11. Periods of Nonuse
    - If the unit is to be left unused for an extended period of time, unplug it from the wall outlet.

12. Battery Replacement
    - Before replacing the batteries, be sure to unplug the unit from the wall outlet.

13. Maintenance
    - Unplug the unit before cleaning. Use a soft cloth moistened only with mild soap and water. Stronger cleaning agents such as thinner or similar materials can damage the surface of the unit.

14. Service
    - This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
        1. This device may not cause harmful interference.
        2. This device must accept any interference received, including interference that may cause undesired operation.

15. Communications Equipment
    - This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
        1. This device may not cause harmful interference.
        2. This device must accept any interference received, including interference that may cause undesired operation.

16. Other Sources of Radio or Television Interference
    - This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:
        1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
        2. This device must accept any interference received, including interference that may cause undesired operation.

17. Disclaimer of Warranty
    - This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

18. Using Bluetooth with the iBT72
    - To unlock and expand the speaker, the top and bottom of the unit will automatically extend the speaker to its proper position.

19. Charging the iBT72
    - The iBT72 is powered by a rechargeable battery in the speaker. Make sure to charge the iBT72 for at least 3 hours before use.

20. Using the Bluetooth with the iBT72
    - Slide the OFF/On Bluetooth Switch on the speaker to the Bluetooth position ( ).

21. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

22. Using USB Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

23. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

24. Using USB Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

25. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

26. Using USB Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

27. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

28. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

29. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

30. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

31. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

32. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

33. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

34. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

35. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

36. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

37. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

38. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

39. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

40. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

41. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

42. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

43. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

44. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

45. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

46. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

47. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

48. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.

49. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the micro-USB plug to the wall outlet when the speaker is not in use.

50. Using Bluetooth Audio/Charging Jack on the Speaker
    - Connect the larger USB plug to a powered USB port, such as that on a computer.
